Yvonne Hu

Conference Interpreting Services

3 May 2013

The ITF held the Automation Conference in Sydney 29-30 April 2013. This was the first time that we have held this type of conference which meant there were many unknowns and things that cropped up at the last minute. Organising an event always presents a number of unexpected issues but we were lucky to have on board Conference Interpreting Services, who provided interpretation equipment and interpreters for our conference.

Yvonne Hu from Conference Interpreting Services fully understood our brief and was extremely thorough in her organisation of the event, showing great adaptability and understanding of our many changes, last minute requests and cancellations.

It's always good to work with an organisation that understands fully the international conference market and the difficulties that we as event organisers face arranging such events

I thank Yvonne and Conference Interpreting Services for their hard work and for being there every step of the way to ensure the success of our conference

Garry Preddy

ITF Travel and Events Manager
