Dear Yvonne,

Ministers of Education of the 9 most Populous
Countries on Education For All
Bali 14-16 September 1995

I wish to thank you and your team of eight interpreters for providing the interpretation services for English, Chinese, Arabic, Spanish and Portuguese during our recent conference in Bali.

I am very happy that interpretation was done to the full satisfaction of all delegates and participants and would like to complement you on the smooth and efficient way all was handled.

We would have no hesitation to request your services again if the need would arise again on future occasions

With kind regards,

Ben van der Kaa
